

ARMOR Protective Packaging® Automotive Customers

ARMOR Protective Packaging® has been a key corrosion inhibiting solutions supplier to the automotive industry for over 25 years. Located in the heart of the automotive capital, outside of Detroit, Michigan, ARMOR has focused its resources and solutions over the years to meet the ever changing demands of the automotive market. With plants, warehouses, offices and laboratories located in the United States, Canada and Mexico, ARMOR is uniquely positioned to provide superior service to our customers in terms of JIT deliveries, technical assistance, and laboratory testing on customer parts, with a broad array of VCI (volatile/vapor corrosion inhibitors) packaging and desiccant systems. We continue to expand throughout the world with partnerships in Asia and other industrial areas.

Some key things to know about ARMOR:

- ARMOR WRAP® VCI Papers are coated on BOTH sides of the paper, unlike most competitors' one-sided products
- ARMOR is United States Military Approved for VCI packaging
- ARMOR is ISO 9001:2000 Certified
- ARMOR provides VCI solutions to nearly every major automotive manufacturer in the world and most tier one and two suppliers.

ARMOR Protective Packaging® is proud to serve the following customers with ARMOR VCI products:
