

ARMOR Protective Packaging® Customers & Approvals

ARMOR Protective Packaging® has been a key corrosion management solutions supplier to many of the top industrial companies in the world for more than 32 years. Located in the heart of the automotive capital, outside of Detroit, Michigan, ARMOR has focused its resources and solutions over the years to meet the ever changing demands of the automotive, industrial and military markets. With plants, warehouses, offices and laboratories located in key industrialized countries around the world, ARMOR is uniquely positioned to provide superior service to our customers, with a broad array of VCI (volatile/vapor corrosion inhibitors) packaging, desiccant systems and rust removal technology.

Some key things to know about ARMOR:

- ARMOR WRAP® VCI Papers are coated on BOTH sides of the paper, unlike most competitors' one-sided products
- ARMOR developed the patent pending Bright Idea!™ Technology
- ARMOR is United States Military Approved for VCI packaging
- ARMOR provides VCI solutions to nearly every major automotive manufacturer in the world and most tier one and two suppliers.
